

SIGN THE PETITION

for all immigrant families to receive a comprehensive orientation package from the TDSB.

68% of students in the Toronto District School Board (TDSB) come from immigrant families.

As immigrant parents and caregivers, we continue to experience barriers in supporting our children within the TDSB. Many of us are not aware of services and supports available that could help us become more engaged with our children's education.

**LET'S MAKE THE TDSB MORE
INCLUSIVE FOR IMMIGRANT FAMILIES!**

We're asking for a package that includes:

- A list of **school-based services**
- **Detailed information** to help families support students
- **Explained available supports** for students with exceptional needs and disabilities
- Information on **financial assistance** and **invitations to parent committees**
- **School-specific items** such as calendars, trips, and after-school programs

This project is spearheaded by *Mothers on Initiating the Vote and Equality (MOtIVAtE)*, a program of CultureLink Settlement and Community Services.
